

The U.N. Conference Against Racism in Durban promoted racism – against Israel and the Jews.

The U.N. has endorsed Palestinian use of "all available means" against Israel.

U.N. Corruption Includes Bias Against Israel

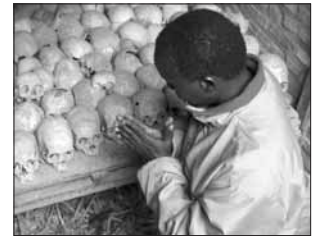

It's Time the Media Set the Record Straight

The Facts:

Branches of the United Nations have endorsed Palestinian terrorist attacks against Israel (or in U.N. terminology – use of "all available means including armed struggle" against "foreign occupation"*) . They have taught Palestinian children anti-Jewish hatred and encouraged them to pursue Israel's destruction, refused to condemn anti-Semitism, and have subjected the Jewish state to a unique campaign of vilification.

Yet news reports of anti-Israel and anti-Jewish actions by the U.N. routinely ignore the organization's bias and portray the U.N. as an objective moral arbiter.

- **Saddam Hussein was not alone in buying influence at the U.N. where corruption goes far beyond the Iraq oil-for-food scam.** For more than 30 years, Arab states have used their oil wealth, and the threat of withholding oil, to guarantee an automatic anti-Israel majority.
- **The U.N. General Assembly, dominated by Arab and Muslim states** most of whose schools, media and mosques promote Jew-hatred, repeatedly passes one-sided, anti-Israel (and anti-American) resolutions, and blocks criticism of Palestinian and broader Arab actions, including genocide.
- **The General Assembly has repeatedly convened emergency sessions dedicated to condemning the Jewish State** but has held no such sessions on the Rwandan massacres, Indonesian crimes in East Timor, ethnic cleansing in the former Yugoslavia, Iraqi slaughter of Kurds, Vietnamese mass murder of ethnic Chinese or genocide in the Sudan. (Sudan, a member of the Arab League, has been protected at the U.N. by Arab states, despite the Sudanese government's genocide against Christians and non-Arab Muslims.)
- **Israel is the only country subject to hostile scrutiny by a standing committee** — the "Special Committee to Investigate Israeli Practices Affecting the Human Rights of the Population of the Occupied Territories."
- **The Arab-Israeli conflict is the only global dispute in which one side's position — the Arab side — is advanced** through direct U.N. funding and support. U.N. Secretariat and General Assembly branches spend millions of dollars a year to advocate a pro-Palestinian agenda through conferences, publications and films that delegitimize the State of Israel.
- **The United Nations Relief and Works Agency for Palestine Refugees (UNRWA)** is the only U.N. agency dedicated to assisting a specific group of refugees, the Palestinian Arabs, who comprise just 13.5% of all refugees globally. UNRWA schools use anti-Semitic textbooks which seek to delegitimize Israel and promote its destruction.
- **For more than half a century, UNRWA has opposed permanent settlement of Palestinians** in their present areas of residence, instead supporting Arab demands that their refugee status continue until Israel allows them residence within its borders.
- **UNRWA chief Peter Hansen openly states that Hamas members are on UNRWA's payroll.** (The EU and United States designate Hamas a terrorist organization.) UNRWA employees have used official U.N. vehicles, ambulances and travel documents to transport terrorists and weapons. UNRWA camps harbor terrorists who produce bombs, store weapons and recruit and train suicide bombers.
- **The U.N.'s Commission on Human Rights has repeatedly supported the right of Palestinians** to pursue their terror campaign against Israel while ignoring massive human rights violations by its members — including some of the worst human rights violators and sponsors of terrorism.
- **The 1st U.N. World Conference Against Racism (Durban, 2001) promoted racism — against Israel and the Jews.** References to "holocaust" and "anti-Semitism" were applied to the Palestinians as victims of alleged Israeli racism.

The U.N. never convened an emergency session on the Rwandan genocide that took 800,000 lives.

The U.N.'s dangerous bias and scapegoating of Israel deserve full and accurate exposure in the media.
